

Title of BIP: Intercomprehension for Language for Specific Purposes: enology, viticulture, and tourism

<u>General information</u>
<p>Objectives and Description:</p> <p>Intercomprehension is a communicative approach where several languages of the same linguistic family are studied/used in parallel; these are either languages related to the learner’s mother tongue (or the language of education) or related to a language already learnt. There is a systematic focus on receptive skills, as the development of comprehension is the most tangible way of using the knowledge of a related language to learn a new one. This specific approach is characterized by one distinguishing feature: whole linguistic families (the Romance family in our case) are the object of learning activities. The only pre-condition needed is that one of the languages must be already mastered by the learners, either as their mother tongue or as a second language (FREPA 2012: 7).</p>
<p>Methods and outcomes:</p> <p>During the intensive week students will consolidate knowledge and skills developed during the online part of the BIP; furthermore, they will focus on the techniques and principles of IC in the Language for Specific Purposes (LSP) “enology, viticulture and tourism” contexts, participating to content classes (using video recordings, simulations, or actual classes depending on availability).</p>
<p>Field of Education: Intercomprehension/Language acquisition</p>
<p>Target audience / Participants profile: Students of disciplines related to enology and viticulture, and interested in a multilingual and multicultural dimension</p>
<p>No of ECTS issued: 4</p>
<p>Language of instruction and requirements: Italian and all the other Romance languages (each participant will use their own language to communicate, but the knowledge of Romance languages other than one’s own is not required).</p>
<p>Dates for physical activity: 1-5 July 2024</p>
<p>Location of physical activity: University of Turin</p>
<p>Dates for virtual component: 3-22 June 2024</p>
<p>Virtual Component Description:</p> <p>The virtual activities will be carried out autonomously by the students and are based on the plurilingual online course “Elementi di Intercomprensione”, freely available on the Start@unito platform. A meeting will be first organized to explain the syllabus of the course, its goals and requirements. Two other online meetings will check students’ progresses and propose collaborative tasks and exercises.</p>
<u>Organizing Board</u>
<p>Receiving/Host university:</p> <p>University of Turin, Italy (elisa.corino@unito.it/sandra.garbarino@unito.it, in cc unita.students@unito.it)</p>
<p>Sending/Partner universities:</p>

Detailed programme

1. Planned activities during virtual component:

Plurilingual asynchronous online course “Elementi di Intercomprensione”, freely available on the Start@unito platform and 3 synchronous online meetings.

2. Planned activities during physical component:

time/day	1/07/24	2/07/24	3/07/24	4/07/24	5/07/24
9.30-10.00	Welcoming session	IC warm up	IC warm up	IC warm up	Outdoor activity IC task-based activity (LSP)
10.00-11.15	IC back to basics	IC task-based activity (general)	IC task-based activity (general)	IC task-based activity (LSP)	
11.30-12.30	IC back to basics	IC and LSP Reading strategies	IC and LSP Reading strategies	IC and LSP Reading strategies	
	break	break	break	break	
14.30-16.00	Task-based activity (general)	LSP class + tasks IC warm up	Outdoor activity IC warm up	LSP class + tasks feedback IC warm up	
16.00-16.30	Welcoming session				
	IC back to basics	IC task-based activity (general)	IC task-based activity (general)	IC task-based activity (LSP)	

Application procedure

fill in application form available here: to be generated later

deadline: Nominations should be sent before 17/05/2024.

Accommodation & meals:

Accommodation and meals in charge of students. Participants can book rooms in university dorms at a reduced price (about 25 euros per night) and eat in the university canteen (about 3 euros per meal).

ESTUDIANTES DE LA UNIVERSIDAD DE ZARAGOZA

Nº de ayudas: 3

Requisitos:

*Estudiantes de la Universidad de Zaragoza matriculados en el curso 2023-2024 en estudios oficiales de grado, máster o doctorado relacionados con Ciencia y Tecnología de los Alimentos, Ingeniería Agroalimentaria y del Medio Rural, Turismo, Nutrición Humana y Dietética. En el caso de estudiantes de grado han de haber superado 60 créditos en sus actuales estudios hasta el curso 2022-23.

***Solicitud:**

Disponible desde la URL: <https://sede.unizar.es> a través del Servicio "Gestión de solicitudes (SOLICIT@)"

Seleccionar en el menú "Opciones" > "Iniciar Nueva Solicitud"

Identificarse con NIP + contraseña administrativa

En la opción "Catálogo de solicitudes clasificadas por categorías", elegir "Estudiantes de Grado, Máster, Doctorado, etc".

Seleccionar el formulario "Programas Intensivos Combinados –BIP–"

Documentación a aportar :

*Los nacionales de países ajenos al Espacio Europeo de Educación Superior: acreditación de estar en posesión de un permiso válido para residir en España durante el período de realización de la movilidad.

*Quienes no hayan cursado los estudios previos de acceso a máster o a doctorado en la Universidad de Zaragoza deberán aportar una copia de su expediente académico de aquellos que incluya la nota media.

*Si los estudios de acceso a máster o a doctorado se cursaron en el extranjero, aportarán además la correspondiente declaración de equivalencia de nota media

https://universidades.sede.gob.es/pagina/index/directorio/Equivalencia_notas_medias

Plazo de solicitud: hasta el 21 de marzo de 2024
